ABOUT ME

I am passionate about programming and technology. One of my strengths is being a self-taught person, which has led me to enhance my knowledge in Data Structures and Algorithms.

EXPERIENCE

03/2023 - 04/2023

School Project – CRUD Website

Responsibilities:

- Developed a CRUD website as part of a school project.
- Utilized languages and technologies such as HTML, CSS, JavaScript, Bootstrap, Node JS, Express and SQL.
- Collaborated with a team of four people to plan and execute the projects.
- Implemented create, read, update, and delete functionality for databases records.
